Experience

AFRICA CODE ACADEMY

Online

WEB DEVELOPER INTERN

Jul. 2022 - Nov. 2022

- Developed and maintained Farm-AI web applications using HTML, CSS, JavaScript, and AJAX. Designed user interface elements such as buttons, forms, menus, and navigation bars.
- Implemented front-end features to improve user experience. Conducted unit tests to ensure accuracy of code written before deploying it live. Tested websites across multiple browsers to ensure compatibility and responsiveness.
- Worked closely with designers in creating interactive UI and UX experiences for users. Gathered user requirements, and build and maintained code for the tool, saving employees 5 monthly hours in labor.
- Attended and participated in meetings and brainstorming sessions with team members. Contributed ideas during brainstorming sessions to generate creative solutions.
